Other Freshets.

New Orleans, 6 .- A Picayune Greenville, Miss., special says: Back water is still rising, and spreading. It is now from six inches to a foot higher than any previous overflow since the country was first settled. There will be very little land above the water from river front places to the hills beyond Yazoo River. Greenville is secure from any possible overflow, though low points were at one time threatened. Refugees from everflowed plantations are congregating here and our resources to feel and shelter them will be severely taxed. So far the relief agents have not communicated with our local authorities. local authorities. Our board of super-visors have asked that some of the government rations be sent here. They are needed immediately. The sheriff of Bolivar County has ledged his prisoners in jail here. He reports very few plantations in his county with even a strip of land above water, Consequently the loss of stock there will be almost total. The levees are thronged with negroes and stock whose condition is most deplorable. As its extent becomes known this calam-ity begins to appal. A tax sufficient to rebuild the levees above would be almost insupportable, but that is only an item. Laborers have lost their stock and move-ables and are in a panic-stricken and deables and are in a panie-strick en and de-moralized condition. Could transporta-tion be secured there would be an exodus from here to the hills. The despondency of planters and merchants is deepening. At first this blow was regarded as a dis-aster involving losses and hard times; now it is assuming graver and greater proportions. The most thoughtful, as we'l as the most sanguine, look upon it as a disaster greater than has ever refore befallen the bottom constry. It will

Lawrence, Mass., 5.—A freshet in the Merrimac River, to-day, caused a partial suspension of all mills. The river is rising and a general suspension is expected to-morrow. The ice carried away a span of a railroad bridge now building. Helena, Ark., 6—The situation to-night is alarming in the extreme. The levee broke above the city last night and water is kept off from the city by a cross levee at Walk-r street. The water con-tinues coming up, and if the Walker street levee breaks to-night we will be in a sad condition to-morrow morning. A large force of men is at work, and mer-chants are putting their goods upon shelves and otherwise preparing for a general overflow. Reports from below continue of a most distressing character. Two new breaks occurred to-day, and much more damage is reported.

Memphis, 6.— Commissioners Man-zum, of Arkaness, and Hemingway, of Mississippi, sent supplies this afternoon to points on both sides the river between here and Greenville, Miss. Every day brings intelligence of widespread suffering and of the destitute condition of the people within the inundated regions. The levee in front of Helena, Ark., is still intact, but backwater from the overflow is gradually encreaching upon the business portion of the city. The levees between Pittsburg and Helena are covered with stock in a stavying condition, several rafts with whole families aboard have been seen floating down stream.

have been seen floating down stream. The situation has become desperate in some localities, and now it is only a question of provisions or early starvation to both human beings and stock.

Memphis, 7.—Captain Ed. Postal, of the steamer Hard Cash, which arrived this morning, reports the backwater from the Mississippi river extends up White river to Clarendon, Arkensas, a distance of 135 miles from the mouth.

The entire country intervening is under The entire country intervening is under water, which is two feet higher than was ever known before. Great loss of stock and damage to the farming interests oc-curred throughout White river bottoms. The river here continues etationary. The following telegram was sent this morning to Senators Harrison and Jackson and Congressman Moore, Washington:
"The suffering brought to our notice by the inhabitants of the counties in Tennessee bordering on the Mississippi river, occasioned by the overflow, calls loudly for assistance from the government. What Memphis has done or can do, will be made inadequate. We urge you to obtain authority to have rations purchased obtain authority to have rations purchased here for immediate distribution, in order to save persons from actual starvation. Some three t. five thousand are in absolute need, and must be helped immediately. (Signed):

NAPOLEON HILL, NAPOLEON HILL,

D. P. HALDEN,
Washington, 7.—The senste military
committee, this morning, appointed Senators Atkinson, Hawley and Hampton a
sub-committee to confer with the secretary of war in regard to making the additary of war in regard to making the additional appropriation for the relief of persons rendered destitute by the floods in the south and west. Reports from Arkaness, Mississippi and Louisiana are, that the supplies already issued are inadequate. The sub-committee will confer with Secretary Lincoln immediately with the view to making such provision for the flood sufferers as is necessary.

Lynching Cattle Thieves.

Denver, 7.—Republican's special: On Thursday Arnold Howard and Frank Thursday Arhold Howard and Frank Young, charged with cattle stealing, were arrested and placed in jail at Del Norte. Next day an attempt was made to break the jail, but was prevented. On Saturday night a hundred mounted men, and to be stock man from the Rin Grande Saturday night a hundred mounted men, said to be stock men from the Rio Grande and San Luis Valley, rode down on the guards, ordered them to throw up their hands and commenced firing in every direction. When the jail was broken open the prisoners attempted to ecoape. Young was mortally wounded and Howard killed outright. The body of the latter was thrown into the river. The windows of the jail were riddled with bullets. Howard has been arrested twelve times on the charge of cattle stealing, and in severy instance was cleared.
